| Support to RC/HC in affected countries | | 1,000,000 | - | - | 0% |
| Consolidated Regional aid tracking system | | 2,000,000 | - | - | 0% |
| Total | | 32,800,000 | 10,924,000 | 10,924,000 | 33.4% |

Overview of UNDP Progress and Achievements

Progress & Achievements: UNDP addressed the immediate humanitarian and recovery needs identified by this regional programme during the first three months of the appeal from its core resources through the following initiatives:

- Contributed to national and joint World Bank (WB), Asian Development Bank (ADB) and UN Needs Assessment Missions in India, Indonesia, the Maldives, and Thailand;
- Supported the development of guiding principles for the assessment of cross sector issues in the second phase of the recovery planning in Sri Lanka;
- Assisted affected governments with the preparation of recovery planning frameworks in India, Sri Lanka and Indonesia;
- Supported the collection and storage of information on damages and needs at national and local levels through the establishment of Disaster Inventories in Sri Lanka, Maldives and Indonesia;
- Provided technical advice through recovery experts and United Nations Volunteers for recovery planning, programming, assessment and information management;
- Provided UNDP core funds for the strengthening of coordination, assessment and information management functions;
- Supported affected countries with policy guidance on how to focus national and local recovery initiatives on reducing disaster risks;
- Facilitated the participation and consultation of affected populations in the recovery planning and programming;
- Spearheaded jointly with OCHA and the UN Economic and Social Commission for Asia and the Pacific (UNESCAP) the preparation of a draft map of UN roles in Post-Tsunami Multi-Hazard Early Warning System Development;
- Prepared in collaboration with OCHA a brief guide on the Essential Elements of Recovery Programming with a focus on the immediate post-disaster recovery phase (one to six months);
- Facilitated a stocktaking initiative for selected representatives of UNDP Country offices from affected countries with the aim to monitor progress and to exchange good practices and lessons learned.
