<p>United Nation Development Programs (UNDP) said the agency is ready to provide technical support to Aceh government in reconstructing the province tsunami zone. UNDP will also coordinates its activities with Rehabilitation and Reconstruction Agency for Aceh and Nias (BRR).</p>	
<p>Banda Aceh, Serambi Indonesia – United Nation Development Programs (UNDP) said the agency is ready to provide technical support to Aceh government in reconstructing the province tsunami zone. UNDP will also coordinates its activities with Rehabilitation and Reconstruction Agency for Aceh and Nias (BRR).</p> <p>“In the future we will coordinates our activities with BRR, as well as provide support to the local government office that involved in post-tsunami reconstruction,” Kristanto, head of UNDP’s ERTR (Aceh Emergency Relief and Transitional Recovery) program told Serambi Indonesia on Monday.</p> <p>Kristanto said that UNDP is committed to strengthen the government as well as civil society in restoring Aceh, and all UNDP rehabilitation and reconstruction program has been made in consultation with local and central government.</p> <p>UNDP will also foster interaction and communication between the government, communities, civil society, as well as private sectors in reconstruction process. It will also help the government in coordinating the incoming international aids, monitoring the reconstruction process, as well as managing information related to people need.</p> <p>Kristanto admitted that so far the agency cooperates directly with aceh government offices, including Sanitation and Gardening Office in Banda Aceh city and Aceh Besar district, in recycling tsunami debris and garbages.</p> <p>Deputy of UNDP’s ERTR Simon Field added that the agency has also cooperate with Sosial Office and Public Works Office in rehabilitating economic, settlements, and social facilities. © hel</p>
