Corrigendum

Paragraph 42

For the existing text substitute

42. In science and technology, advice was provided to Qatar in applied chemistry; to the Syrian Arab Republic on the treatment of oil pollution problems and increasing the yield of alcohol production from grapes; to the United Arab Emirates on (a) establishing research priorities and programmes in the field of technology and energy, for the Institute of Research in the Engineering College, United Arab Emirates University; (b) setting up a three-year research and study programme for the Institute; (c) evaluating joint research programmes between applied research centres at the University; and to the Yemen Arab Republic and Jordan for negotiations in this field.
