* Donor contributions: Commitments as per signed Letter of Agreement (LOA) / Standard Administrative Arrangement (SAA) with the UNDP MDTF Office.

** The Donor has deposited its contribution, whereas the finalization of the LOA/SAA is pending.

*** In July 2008, the Central African Republic (CAR) Emergency Response Fund (ERF) was developed into a Common Humanitarian Fund (CHF-CAR).

**** The Expanded Delivering as One Funding Window for the Achievement of the MDGs (EFW), for which the MDTF Office has been appointed the Fund Manager, is a global facility set up to support eligible Delivering as One countries. Contributions by donor to the EFW and EFW commitment (allocations) to individual Delivering as One Funds are reflected in the above table, but to avoid double-counting, these allocations have not been included in the overall total commitment figure.

For additional information about donor contributions to UNDP-administered MDTFs, see respective MDTF-website under www.undp.org/mdtf. The table does not include donor contributions for individual country-level joint programmes with present commitments of \$79,296,152.
