2011/1**Revised rules of procedure of the Executive Board of UNDP, UNFPA and UNOPS***The Executive Board*

Recalling General Assembly resolution 65/176 of 20 December 2010, wherein the Assembly decided that “the name of the Executive Board of the United Nations Development Programme and the United Nations Population Fund is to be changed to the Executive Board of the United Nations Development Programme, the United Nations Population Fund and the United Nations Office for Project Services”,

Further recalling that in the same decision the Assembly also decided “the functions of the Executive Board as set forth in General Assembly resolution 48/162 of 20 December 1993 apply mutatis mutandis to the United Nations Office for Project Services”,

Recognizing that this resolution necessitates a revision of the Rules of Procedure of the Executive Board to reflect the change in the name and also provides an opportunity to reflect the change in 2002 of the name of the Administrative Committee on Coordination to the Chief Executives Board,

1. *Approves* the revised Rules of Procedure of the Executive Board of UNDP, UNFPA and UNOPS, as contained in DP/2011/18.

31 January 2011

2011/2**Oral report of the Administrator on the implementation of the UNDP gender equality strategy***The Executive Board*

1. *Takes note* of the oral report on the implementation of the UNDP gender equality strategy as requested in decision 2006/3;

2. *Recognizes* the importance of mainstreaming gender equality as reflected in General Assembly resolution 62/208 on the triennial comprehensive policy review of operational activities for development of the United Nations system, and in the UNDP strategic plan, 2008-2013;

3. *Welcomes* the efforts and the results of UNDP in: (a) promoting gender-responsive economic policy management; (b) incorporating sex-disaggregated data in the Human Development Reports; (c) improving the measures for gender equality and the empowerment of women; (d) promoting political participation of women at all levels; (e) advocating for adequate resource allocations for gender equality in post-conflict recovery and reconstruction; and (f) ensuring that women benefit equally from climate change finance mechanisms; and encourages UNDP to further strengthen gender mainstreaming in all four of its thematic areas and reflect it in the annual report;

4. *Takes note of* the first results of the gender marker, which reveal that progress has been achieved and that challenges remain for mainstreaming gender; encourages UNDP to continue to strengthen the application of this tool and to fully integrate it in its planning, monitoring, evaluation and reporting systems; and welcomes the efforts of UNDP to share its tool and experiences with other United

Nations organizations, especially UN-Women, as a way to improve gender accountability within the United Nations system;

5. *Welcomes* the work of the Gender Steering and Implementation Committee, chaired by the Administrator, to review results in gender mainstreaming and in advancing gender equality, urges UNDP to ensure that management staff at all levels are made accountable for implementation of the gender strategy; calls especially on all bureau directors to assume greater responsibility for achieving gender equality throughout the organization, and calls for the Gender Steering and Implementation Committee to be replicated at the regional level;

6. *Recalls* the request of the Executive Board to identify further measures, including evaluating the position and mandate of the gender team in the Bureau for Development Policy, to raise the profile of the UNDP gender policy and increase the attention given to its implementation, and requests that, as part of the annual report in June, the Administrator report on concrete measures taken to implement this request;

7. *Notes* that the creation of UN-Women does not relieve UNDP and other United Nations organizations of their responsibility to continue to strengthen gender equality and the empowerment of women in their mandate areas; recognizes the significant support UNDP has provided during the transition process; and strongly urges UNDP to work closely with UN-Women to advance gender equality on the basis of complementary and synergetic relationships that address regional and country-specific challenges, working as part of the United Nations country team;

8. *Recognizes* that, since 2008, UNDP has invested great efforts in strengthening capacity for gender mainstreaming, and requests UNDP both to continue to maintain and to increase its investments to accelerate the strengthening of capacity and the delivery of programming for gender equality and the empowerment of women, in line with the gender equality strategy;

9. *Reiterates* its request to the Administrator to provide an oral report annually to the Executive Board, at its first regular session, on the implementation of the gender equality strategy, as set forth in DP/2005/7, for the remainder of the period of the UNDP strategic plan, and welcomes the background paper that accompanied the annual oral report to the first regular session 2011 of the Executive Board.

The Executive Board

1. *Welcomes* the presentation of the vision of the Executive Director of UNFPA contained in his first statement to the Executive Board, including the interlinkages between the Programme of Action of the International Conference on Population and Development and the relevant upcoming international conferences, namely the Fourth United Nations Conference on Least Developed Countries, the United Nations Conference on Youth and the United Nations Conference on Sustainable Development, for achieving the internationally agreed development goals;

2. *Notes* the role of UNFPA in support of the Global Strategy on Women's and Children's Health, including through the coordination of global partners, and further notes its programmatic work with the Global Strategy on Women's and Children's Health to support countries that have made commitments, as well as those that intend to make commitments, to eliminate high levels of maternal, newborn and child mortality;

3. *Encourages* UNFPA to support Member States to ensure successful outcomes of the relevant upcoming international conferences.

Midterm review of the UNDP strategic plan

The Executive Board

1. *Takes note of* the midterm review of the strategic plan and the annual report of the Administrator on performance and results for 2010 as a combined report (DP/2011/22), and its annex, including the revised development results framework, the development effectiveness matrix, and the revised institutional framework;

2. *Emphasizes* that the objective of the midterm review is to sharpen the strategic direction of UNDP, and to undertake a thorough review of the results framework with the aim of making improvements in 2011 and defining further improvements to be made during the remaining years;

3. *Requests* the Administrator of UNDP to implement the changes during the remaining months of 2011 and to report, through the annual report of the Administrator starting from the annual session 2012, on the basis of the new revised frameworks;

4. *Acknowledges* the cumulative analysis of UNDP performance during the first three years of the strategic plan;

5. *Recognizes* the organization's efforts to continue to strengthen the predictability and quality of results measurement and reporting, and its use of country-level indicators to that end;

6. *Recognizes* that UNDP has provided a wide range of information on its activities across its thematic areas;

7. *Requests* UNDP to enhance its future annual reports by including: (a) descriptions of challenges and steps taken to address these challenges as asked for in decision 2010/13; (b) gender-equality and capacity-development results reporting; (c) a clear, focused and comprehensive narrative of UNDP contributions to development; and (d) clearer statements on the development results generated by UNDP contributions;

8. *Emphasizes* the need for robust results frameworks underpinning the UNDP strategic plan for the purposes of management and of communicating expected results with staff, programme countries and development partners, and so that the performance of UNDP can be monitored, avoiding the need for partners to create parallel performance-monitoring frameworks, while expressing concern that the UNDP revised development results framework does not fully allow UNDP to clearly define its contribution to development results or adequately report and monitor progress on results for the remainder of this strategic plan;

9. *Takes note of* the revised integrated financial resources framework for the period 2011 to 2013 as contained in document DP/2011/22, and encourages the Administrator of UNDP to continue to seek efficiencies by exercising budgetary discipline in the elaboration of the organization's draft institutional budget for 2012-2013, while recognizing the need for adequate resources to implement the strategic plan;

10. *Requests* the Administrator of UNDP, fully taking into account the mandate and the intergovernmental nature of UNDP, when preparing the 2014-2017 strategic plan to:

(a) Establish a clear focus and role for the work of UNDP, considering UNDP strategic positioning and integrating an analysis of its performance, challenges and lessons learned, while bearing in mind the external environment and the work of relevant development actors;

(b) Develop, for early consultations with the Executive Board, a results frameworks template that provides clear explanations of its approach and definitions and how they link to reporting;

(c) Develop robust results frameworks that demonstrate a complete results chain and establish expected results at output, outcome and impact levels, and that focus on the delivery of outputs and contributions to outcomes by UNDP, not on the performance of programme countries;

(d) Include in the frameworks clear, measurable indicators with baselines, milestones and targets for monitoring results, which indicators should be systematically reported on annually in the Administrator's report to the Executive Board;

(e) Improve data-collection systems for results-based management and reporting to allow for better monitoring of UNDP achievements at the corporate, regional and country levels, ensuring that any improvements made will link to other change-management processes;

11. *Recognizes* the number of management change initiatives underway in UNDP, and looks forward to continuous dialogue in order to understand how these initiatives are complementary and how and when they will be implemented;

12. *Emphasizes* the need for early and regular consultation with Executive Board members to make improvements to the methodology, format and results management of the UNDP strategic plan 2014-2017, with this consultation process beginning in 2011 and continuing throughout the development of the plan;

13. *Requests* UNDP to present, at the second regular session 2011, for approval by the Executive Board under a formal item, a conference room paper outlining a “road map” identifying milestones and timeframes for making progress so as to achieve the objectives identified in the present decision and including indications of how this work relates to initiatives such as the Administrator’s change agenda and the UNDP integrated budget;

14. *Also requests* the Administrator of UNDP to present a cumulative review of the strategic plan at the annual session 2013, instead of at the first regular session, as foreseen in decision 2011/9, in order to capture results and data for 2012, and endorses the decision for a combined cumulative review and annual report, with an improved reporting format, so that the cumulative review and annual report better report on development changes generated by UNDP contributions.

2011/15

Status of regular funding commitments to UNDP and to its funds and programmes for 2011 and onwards

The Executive Board

1. *Stresses* the importance of a stable, predictable base of regular (core) resources for UNDP;

2. *Notes* that overall contributions to UNDP in 2010 have increased to \$5 billion due to increases in non-core funding;

3. *Notes with concern* that contributions to regular resources decreased to \$0.97 billion and, thus, did not meet the 2010 funding target for regular resources set out in the strategic plan, 2008-2013;

4. *Further notes* that reductions in total contributions to regular resources may be compensated in 2011 by actual and projected currency-exchange gains based on the official United Nations rates of exchange as at 1 May 2011, and, therefore, regular resources may reach \$1 billion for the current year;

5. *Recognizes* that the 10 largest donors provided close to 82 per cent of regular resources in 2011, and calls on the Administrator to reinvigorate her efforts to mobilize regular resources and to continue to broaden the number of contributors;

6. *Recalls* General Assembly resolution 62/208 on the triennial comprehensive policy review of operational activities for development of the United Nations system, and reiterates that regular resources, by their untied nature, form the bedrock of UNDP finances;

7. *Requests* all countries that have not yet done so to provide contributions to regular resources for 2011, and encourages Member States to announce pledges, on a multi-year basis if feasible, and payment schedules, and to adhere to such pledges and payment schedules thereafter;

8. *Recognizes* the importance of UNDP demonstrating, communicating and being held accountable for development results that are supported by the financial contributions of Member States.

2. *Requests* UNDP to address the issues raised by independent evaluations;

3. *Notes with concern* that while the number of country offices having conducted at least one evaluation has increased, the overall number of outcome evaluations continued to decline in 2010 and country office compliance with evaluation plans and in conducting outcome evaluations continues to be low, and in this regard, requests UNDP to expeditiously identify and address obstacles limiting compliance with evaluation plans and outcome evaluations, including ensuring appropriate resourcing of the evaluation function and oversight of compliance;

4. *Recognizes* that the success of evaluations and the actual evaluability of programmes requires appropriate programme design and planning, and notes that measures are needed to strengthen programme design in order to allow the use of a results-based approach in monitoring and identification of concrete results;

5. *Notes* the continuing challenges as regards: the quality of decentralized evaluations, the decline in the number of country offices with dedicated monitoring and evaluation units, and the uneven levels of dedicated monitoring and evaluation staff in the regional bureaux and the uneven incorporation in programme design and implementation of the lessons learned from the evaluations;

6. *Requests* UNDP to strengthen the capacity for decentralized evaluation and to identify and address obstacles limiting both the quality of decentralized evaluations and compliance with evaluation plans and outcome evaluations, including ensuring appropriate resourcing of the evaluation function and oversight of compliance;

7. *Welcomes* the efforts of some country offices to provide evaluation training at the country level, and suggests that UNDP continue to support national evaluation capacity development;

8. *Recognizes* the improvement in the submission of management responses to evaluations, and urges continued progress in the preparation, implementation and monitoring of management responses, and requests that future reports track the implementation of management responses;

9. *Welcomes* the increased engagement of national professionals from programme countries in the Assessments of Development Results process, notes the efforts of the Evaluation Office to strive for better representation of female consultants from programme countries, and emphasizes the importance of ensuring that gender equality considerations are fully integrated in evaluations by all evaluators;

10. *Approves* the revised programme of work for 2011 proposed by the Evaluation Office and the tentative programme of work for 2012;

11. *Requests* UNDP to keep the Executive Board informed regarding the appointment of the new Director of the Evaluation Office so that the Executive Board can review and advise on the appointment in line with the revised evaluation policy (DP/2011/3).

4. *Welcomes* the efforts of the Human Development Report Office and of the United Nations Development Programme Executive Office and Partnerships Bureau to organize consultations with the regional groups of the Board and with Governments and other stakeholders, such as the National Statistics Offices and the Regional Commissions of the Economic and Social Council, in all regions where opportunities have arisen;

5. *Requests* an increased focus on the roll-out of standards for quality policy advisory services for the global programme to help ensure that staff and partners regardless of where they are located continuously learn from experience on the ground and have a clear understanding of: what information is available; how reliable or corporate that information is; how to access it and engage with the related advisers; and how to influence it;
