Private Sector Facility Overview

Why PSF?
• Catalyze, maximize and mainstream private sector engagement in climate finance mitigation and adaptation action throughout developing countries

PSF positioning
• The PSF is mainstream component of the GCF and its financing activities
• GCF will allocate a significant proportion of its resources to the PSF through active private sector engagement in coordination with AEs, governments and local stakeholders
• PSF accounts for 22% of approved GCF projects by number, but **52% of total $$ invested**

PSF products
• PSF offers demand-driven financial solutions/structures tailored to individual project needs
Request for Proposals
“Pitch for the Planet” RfP 2017

• USD 500M allocated for mobilizing funding at scale

Details

USD 500 mln co-financing from GCF:

• Call for proposals for innovative concepts to mobilise finance for climate-resilient and low-emissions projects & programmes
• An international campaign aiming at accredited and non accredited entities has been launched over the summer
• The evaluation process of the projects and programmes has started in Sept 2017
