

NDC Linkage with National Development Planning

Dr. Pendo Maro

Team Leader
Intra-ACP GCCA+ Programme

Regional Dialogue on Nationally Determined Contributions (NDCs)
for the Caribbean
8-9 October 2018
Rodney Bay, St Lucia

Intra-ACP GCCA+ Programme

- **€70 million** initiative of the African, Caribbean and Pacific (ACP) Group of States funded by the 11th European Development Fund (EDF).
- **2 components:**
 1. regional programmes
 2. institutional support to ACP Secretariat and demand-driven technical assistance services (Climate Support Facility)

Climate Support Facility

- **Demand-driven** and **short-term** technical support and training services to ACP countries and regions.

What kind of services are provided by the CSF?

- Feasibility studies; Project identification or formulation; Policy development
- Determination of funding requirements and resource mobilisation
- Capacity building, training, workshops; Knowledge management; Curriculum development
- Technical advice on specific issues

ACP NDC WORK – GLOBAL LEVEL

Analysis and review of implementation status of NDCs in ACP countries

Provide support to conduct analytical review and visual data aggregation of the NDCs of all ACP countries to **identify priority areas and optimize resource allocation to support NDC implementation.**

ACP NDC WORK – CARIBBEAN LEVEL

NDCs in Caribbean countries (preliminary results)

- **USD 58 billion** is the total amount of financial needs expressed by Caribbean countries in their NDCs (approx. **USD 35 billion for mitigation** and **USD 23 billion for adaptation**).
- **Mitigation** sectors: Energy (13 countries), LULUCF (10 countries), Transport and Waste (7 countries), Agriculture (6 countries).
- **Adaptation** sectors: Water (11 countries), Coastal management (10 countries), Disaster Risk Management and Agriculture (9 countries), Health (7 countries).
- 7 Caribbean countries have included a **costing analysis of their NDCs**. 4 countries have partially done so. The remaining 5 countries have not included such analysis.
- 14 Caribbean countries included their **capacity building and technology needs** in their NDCs.
- Only 5 Caribbean countries included **MRV commitments** in their NDCs (Barbados, Belize, Guyana, Haiti, Saint Vincent and the Grenadines).

MORE ACP NDC WORK

Benin - Support for the implementation of the Low Carbon and Climate Resilient Development Strategy: Improve country's capacity to mobilize adequate financial resources from the GCF and other sources for the implementation of the Low Carbon and Climate Resilient Development Strategy, and thus the implementation of the NDC.

Establishment of a political and institutional framework for the implementation of NDC in Ivory Coast

Contributing to the development of a Climate Change Bill and its implementing decrees; and feasibility study for the creation of a National Climate Agency hosting a National Climate Fund.

ACP CARIBBEAN WORK- NATIONAL LEVEL

Eastern Caribbean – Building awareness and enhancing human capacity in ecosystem-based disaster risk reduction: Provided capacity building in Eco-DRR to reduce disaster risks by ensuring the sustainable management, conservation and restoration of natural ecosystems.

Dominica - Integration of Climate Change aspects in land use policy and physical development planning: Support key stakeholders in mainstreaming Climate Change in their respective sector strategies and implementation programmes.
