NATIONAL COMMISSION FOR WOMAN AND CHILDREN (NCWC)
UNDP BHUTAN
GENDER ANALYSIS OF NATIONAL CONTEXT

• In-depth Gender-climate assessment in priority sectors of Agriculture, Energy and Waste under process (19th April-19th Dec 2019).

Assessment expectations

• comprehensive study elaborating gender climate linkages in NDC priority sectors of Agriculture, Waste, and Energy along with data collection, tabulation and analysis

• provide concrete short term and long-term recommendations as part of the analysis within project activities, scope and duration

• provide inputs beyond project scope and duration to inform future projects and programs in mainstreaming gender in climate actions
CONT'D..

- deep dive in three areas of governance (institutional frameworks and coordination mechanisms), planning (looking at frameworks and processes of NDC plans, sectoral roadmaps) and policy (policy instruments of mitigation/adaptation actions). By providing concrete, action-oriented inputs/recommendations
- Capacity needs assessment (capacity gaps and trainings for target groups)
- Mainstreaming gender in the draft climate change policy
- Conduct one national workshop to present the report findings, recommendations and collect feedback
GOVERNANCE/ INSTITUTIONAL COORDINATION

Existing mechanisms in place

• NCWC established in 2004 with the mandate to mainstream, protect and promote the rights of women and children in Bhutan.

• Institutionalization of Gender focals in all agencies and 20 districts (lead NCWC)

• Institutionalization of Gender expert group (govt agencies, pvt sector, CSO)

• Institutionalization of the Mainstreaming Reference Group (multisector group) in all 20 districts with mandate to mainstream cross cutting issues in plans, polices (lead NEC& GNHC)

• C4 group set up with objective of strengthening and revamping the Multi-Sectoral Technical Committee on Climate Change (15 members representing various governmental agencies and civil society organization, chaired by the Secretary of NEC)

• Extension officers sensitized in gender mainstreaming
Project contributions

• Project board established
• Project stakeholders appointed
• TWG on NDC initiated
• Establish gender responsive institutional framework for NDC implementation
PLANNING- ACTIVITIES PLANNED UNDER THE PROJECT

- In-depth gender climate assessment
- Develop or update tools/ manuals/ checklists to mainstream gender in all levels of planning and implementation
- Capacity building of key stakeholders (target gp: project stakeholders, private sector and existing groups like the MRG, Gender focal, C4 group etc)
- Conduct evidence based assessments on low carbon development
