Integrating National Adaptation Plan in Nationally Determined Contributions
Background

- Regional CC instruments
- National level - Climate Change Adaptation Policy

Guiding principles:

- Adaptation Facilitation
- Financing Facilitation
- Implementation Facilitation

“Adapting, one individual, one household, one community, one enterprise and one sector at a time”.
National Adaptation Plan

Priority Sectors/Areas for SASAP

- Water
- Agriculture
- Fisheries
- Infrastructure/Spatial Planning
- Natural Resource Management
- Education
- Health
- Tourism
Nationally Determined Contribution Partnership Plan

Outputs per focus

- Adaptation: 10
- Mitigation: 28
- Cross-cutting: 7

Total outputs: 45
