- Examine processes - NDC updating
- Identify/engage development partners
- Establish a network
1st NDCFI - High-Level Segment
1 - Strategic capacity for systemic policy design and implementation

2 - Institutional Capacity for governance and Coordination

3 - Technical capacity to carry out modelling and evaluation, including sectoral expertise
NDCFI Moving Forward

OECS - A Regional Hub

Private sector engagement

Funding for Actions
“The NDCFI is seen as an appropriate regional mechanism, which can assist in bridging the gaps ... act as a regional cross-sector and multi-partite stakeholder forum and engagement process to support ambitions for climate leadership in the Caribbean”.
“Articulate a strategy for raising climate-change financing; use the NDC forum as a catalyst”.
2nd Caribbean NDCFI – March 2020

Caribbean NDC Finance Initiative

Collective Leadership for Accelerated NDC Implementation
Thank You
