

Responses to the questions for ITB for Procurement of Gas Compressors

Dear Bidders,

Please see below responses to the questions for the above tender:

#	Questions	Responses
1	Our units could do the job but they are a different type of unit and have different technical specifications.	<i>Thank you for question. Please be informed that all technical specifications and requirements indicated in the tendering documents are the product of the Oil and Gas Research Institute and developed according to the technical requirement of the oil field, gas quantity, gas pressure and chemical composition.</i>
2	Please confirm the deadline for the bid submission; Please confirm the date, time and venue for the opening of bid.	<i>The deadline for the Bid submission is -09th of July 2018, 18:00 local Baku time. For updates please see end date in the Bid Event on E-tendering. The date for the opening of bid will be 10th of July 2018 through online e-tendering module.</i>

In accordance with UNDP policies and procedures, we take liberty to post the above responses on our websites and share with the interested suppliers without indicating the source of the questions.
