

Gabon programs

Adopted at EB 14 in Geneva, 16 October 2019

EB.2019.19

Whereas

- the Executive Board in its decision EB.2019.15 took note of the programming note submitted by the Secretariat, the priorities identified by the Gabonese government and requested the CAFI Secretariat to support the development of program(s) for a maximum amount of US\$ 12'000'000 in the following areas:
 - i. Forest certification
 - ii. Creation of transboundary protected areas
 - iii. Land use optimization for the intensification of crop production
 - iv. Technical assistance on carbon data management, developing an investment plan and other tools required to access results-based funding

- the CAFI Secretariat launched a Call for Expressions of Interest on July 19, 2019,

The CAFI Executive Board, after assessing the submissions, and in consultation with the Government of the Gabonese Republic, requests the following agencies to support the Government to develop the programs :

- i. Forest certification – Agence Française de Développement (AFD)
- ii. Creation of transboundary protected areas – (United Nations Development Programme) (UNDP)
- iii. Land use optimization for the intensification of crop production - UNDP
- iv. Technical assistance on carbon data management, developing an investment plan and other tools required to access results-based funding – UNDP
