

DECISION OF THE CAFI EXECUTIVE BOARD

M&E Framework

EB.2019.20

Adopted on 16 October 2019 at EB 14 in Geneva

Considering

- the proposed changes to the CAFI M&E Framework
- the baseline data already collected, and the proposed strategy to adopt when baseline are unlikely to be collected
- the effort to clarify which CAFI partner countries each indicator relates to

the CAFI EB

- adopts the revised M&E framework
- encourages the FONAREDD and implementing agencies to
 - o gather baseline as a priority activity during year 1 of programmes
 - o continue reporting against these indicators at the relevant frequency, in line with previous decisions
- agrees in principle to pilot perception-based indicators, and mandates the CAFI Secretariat to propose a differentiated timeline.
