LOCAL DEVELOPMENT FOR COMMUNITY STABILIZATION
Bureau for Crisis Prevention and Recovery (BCPR)

KEY RESULTS: JANUARY 2013 – AUGUST 2014

Three Mitrovicë/a region opinion polls conducted that provide a clear understanding of the perception of people living in the region. All three opinion polls were disseminated and discussed. The analytical results were disaggregated by gender and ethnicity. 2,400 interviewed (52% female and 48% male).

Effectiveness of aid distributed to the northern municipalities of Kosovo evaluated. The evaluation report finalized and disseminated.

Value chain analysis conducted and utilized to support economic development. 34 beneficiaries and stakeholders consulted.

Business training conducted for 20 beneficiaries. 3 small scale individual grants delivered.

Potential for conflict and security disturbances decreased through support to the development of local economic development strategies targeting all communities, in order to promote trade linkages between communities.

Local Economic Development strategies for Zveçan/Zvecan, Leposaviq/Leposavić, Mitrovicë/a South and Sector Strategy for Zubin Potok are finalized and have been adopted by local authorities.

Legislative bases for control of waterway pollution reviewed.

North-South dialogue and co-operation facilitated on social, economic and environmental issues of common interest. 5 dialogue events successfully completed.

“A World Environment Day” celebrated in 4 different locations. Events organized with support of more than 130 young volunteers.
