مبادرة تسعى إلى إشراف اللبنانيين المقيمين في الخارج من أفراد وجمعيات في دعم مشاريع التنمية المحلية في المناطق اللبنانية الأكثر حرماناً.
LIVE LEBANON is an innovative partnership between civil society, local authorities, the private sector, and Lebanese emigrants. The project aims to support the development of Lebanon focusing on its most underprivileged areas. The LIVE LEBANON website provides an opportunity to make an online donation and to follow up on a project as it is implemented. This allows donors to see how even the smallest donation can make a difference. The Internet is used as a way to establish a network across borders, to engage fresh actors in development projects and to promote new partnerships.

LIVE LEBANON projects are implemented in the North, South, Bekaa, and Mount Lebanon & Beirut. In these four regions, UNDP and local municipalities have identified projects under the themes of Youth, Health, Environment, Education, and Income-Generating Activities. Visitors to the website can become involved with these projects by browsing the information on each project. A donor can select which region, village, campaign or project to support and the amount of the intended contribution.

The LIVE LEBANON website will be frequently updated with the progress of the projects, in text, numbers, and pictures. UNDP’s global experience in project management will ensure that donations are used efficiently and reported thoroughly and transparently.

LIVE LEBANON aims at establishing contacts with Lebanese individuals and associations abroad. The project has been initiated in partnership with the Directorate General for Emigration of the Lebanese Ministry of Foreign Affairs and Emigrants. Expatriate Lebanese individuals and associations will be crucial partners of the initiative.

Join LIVE LEBANON today and become an active supporter of local development in Lebanon.
