## Project Title
Capacity Development for Nation Building

## Country
Curaçao

## Funded By
The Government of Curaçao

## Executing Agency
The Government of Curaçao, Ministry Economic Development/UNDP

## Background
UNDP will assist the Government in realising its vision for the new Country Curaçao, articulated in the Governing Programme. As part of its mandate UNDP will support the development of the country's first National Development Plan; strengthen the negotiating capacity of senior public servants, create a national socio-economic database and institutionalise its use.

## Objective
To strengthen government capacity for nation building and establishing the new country, Curaçao

## Strategy
- The implementation of a participatory dialogue process to improve and finalise the National Development Plan.
- Creation of a National Socio-Economic database
- Strengthening of national capacities to achieve MDGs
- Presentation of an Aid Co-ordination and resource

## Expected Outcomes
- A National Development Plan with sector-based implementation plans developed through a Participatory Dialogue Process.
- A National socio-economic database within the core of the Public Service
- National capacities strengthened with key stakeholders to achieve MDGs 1 & 7
- A sector wide aid-coordination strategy
Key Achievements

- Submission of Draft National Development Plan in April 2015
- Successful high level Retreat with Prime Minister and other Heads of Government
- Successful community based dialogues across Curaçao on
