Procurement Support Services to the Ministry of Health of Ukraine

Achievements in procurement in 2015

November 2016
Kyiv, Ukraine

ZAFAR YULDASHEV, PROJECT COORDINATOR
27 October 2015 - MOH signs Agreement with UNDP to provide procurement support services by up to 27 million USD:

1. Test systems for the diagnosis of HIV, ARV maintenance and monitoring of HIV infection, determination of virus resistance, organization of referent studies
2. Medicines for children with orphan diseases
3. Medicines for treatment of tuberculosis
4. Tests, consumables for diagnostics of tuberculosis
5. Medicines for children with hemophilia A and B or Willebrand disease
6. Medicines for children with chronic vital hepatitis
7. Medicines for patients with viral hepatitis B and C

17 December 2015 - MOH signs Agreement II with UNDP to provide procurement support services by up to 11 million USD:

8. Centralized procurement of immunological products for the immunization of the population
**UNDP Challenges**

- Extreme stock out situation of medicines and medical products
- Lack of clear requirements (absence of technical specifications)
- Different expectations of the parties (CSOs, MOH, pharmaceutical companies)
- Numerous media attacks misinterpreting the facts
- Short time to conduct procurement and delivery
- Resistance at different levels
- Attempts with tender complaints which affected the progress
- Issues with exemption from VAT for local distributors
- Authorities were not experienced with amended legislation, which caused delays in registration of non-registered products

UNDP approach & principles of procurement

November 2016
Kyiv, Ukraine

ZAFAR YULDASHEV,
PROJECT COORDINATOR
Cooperation Objectives: UNDP to...

• Ensure the cost-effective, transparent and timely procurement of pharmaceuticals/medical products and their delivery to patients in need as an **emergency response to past deficiencies**.

• Transfer knowledge and help MOH **build the structural and human capacity that ensures transparency and cost-effectiveness** in procurement processes, to support reform and ultimately hand procurement over to a new national Procurement Unit.
UNDP Procurement Principles

Best value for money

Fairness, integrity and transparency

Effective international competition
UNDP buys goods and services from each of its 166 Country Offices, as well as UNDP Headquarters in New York. Responsibility for procurement is decentralized, meaning that the entire procurement cycle – from sourcing to contract management – is done locally.

3 levels of oversight/contract review committees exist in UNDP. The Advisory Committee on Procurement (ACP) is an independent unit within the Bureau of Management that approves all high-value contracts.
Solicitation Methods Used for Procurement of Medicines

- Micro-purchasing
- Request for Quotation (RFQ)
- Invitation to Bid (ITB)
- Direct Contracting:
  ✓ If single source exists
  ✓ In case additional quantities of the similar medicines are being procured for the savings accumulated as result of the first rounds of procurement processes and bids for identical requirements have been obtained competitively within a reasonable period and the prices and conditions offered remain competitive
  ✓ If a formal solicitation has not produced satisfactory results within a reasonable prior period

Some products will be procured via existing corporate **long-term agreements**. Long-term agreement are established by UNDP as a result of an open competition.
Public tender announcements:

- UNDP Procurement Notices: www.procurement-notices.undp.org
- United Nations Global Market Place: www.ungm.org
- UNDP Ukraine web-site: http://www.ua.undp.org/content/ukraine/en/home/operations/procurement.html
- UNDP Project’s web-page: http://www.ua.undp.org/content/ukraine/en/home/operations/projects/democratic_governance/Medicine procurement/
- MoH web-site
- UNDP official Facebook page
- LinkedIn
- APTEKA.UA

- Potential bidders will be directly mailed and invited for participation in the tenders
- Tender announcements will be disseminated to the foreign embassies so they could inform their national manufactures about advertised procurement opportunities

Contacts for clarifications: procurement.ua@undp.org
General conference

Pre-bidding conference: when appropriate, a pre-bidding conference will be conducted at the date, time and location specified in the solicitation document.

Minutes and/or Q&A will be posted on the UNDP website and disseminated to the individual firms who have registered or expressed interest with the tender, whether or not they attended the pre-bidding conference.

Results notification: all contracts above 100 k USD will also be published at UNDP Procurement Notices website.

Tender results will be published at UNDP Project’s web-page.
Evaluation Process

1. Preliminary Evaluation of Bids Received
   - Bids must be submitted within the stipulated deadline
   - Bids must include copy of Bid Security in requested amount (if applicable)
   - Bids must meet required Bids Validity
   - Bids have been signed by the proper authority
   - Bids must include requested forms for bid submission
   - Bids must comply with general administrative requirements

2. Technical Evaluation covers 2 general areas:
   - Criteria related to a companies’ expertise and financial possession
   - Criteria related to the compliance of the goods to established product standards
   - Criteria related to the compliance of delivery timeframes to those required in the tender document
Evaluation Process (cont.)

3. Financial Evaluation:
- UNDP checks financial bids to detect possible arithmetical errors
- Comparison of bids versus each other (per each item/lot separately)

4. Value for Money Assessment:
- In order to ensure that value for money achieved through an open competitive process or direct contracting modality, UNDP utilize additional sources depending on treatment area

5. Post-Qualification Actions:
- UNDP verify accuracy, correctness and authenticity of the information provided by the bidder on the legal, technical and financial documents submitted
- UNDP verify extent of compliance to the ITB/RFQ requirements and evaluation criteria
- Reference checking with other previous clients

NB: UNDP does not conduct any auction, after suppliers are selected
Bidders are required to complete, sign and submit the following documents:

1. Bid Submission Form
2. Technical Bid
3. Financial Bid
4. Bid Security, if requested
5. Documents Establishing the Eligibility and Qualifications of the Bidder
6. Documents which give evidence of product’s responsiveness to established quality standards
7. Commitment letter (if at the moment of the bid submission, the quoted medicinal products are not registered in Ukraine but comply with the quality requirements of ITB/RFQ, a Commitment letter from the bidder acknowledging acceptance of the terms and conditions for undertaking a simplified registration procedure and confirming the ability to comply with submitting the package of documents for state registration will be required)
8. Any attachments and/or appendices to the Bid (including all those required under solicitation document).
Security Instruments

• **Bid Security** in the amount established as per tender document, if requested: bank guarantee, which binds an offeror to UNDP and fulfill the commitments they have made in their offer.

• **Performance security** in an amount sufficient to protect UNDP in the case of breach of contract by the Contractor. Where a Performance Security will be required, the submission of the said document, and the confirmation of its acceptance by UNDP, shall be a condition for the effectivity of the Contract that will be signed by and between the successful Bidder and UNDP.

• **Liquidated damages conditions** will be set in each and every tender document in order to mitigate risks of late delivery.
As a result of selection UNDP will issue a **Purchase Order** including UNDP General Terms and Conditions for Goods to the winning bidder/s.

**Currencies:** USD or UAH. International companies will be paid in USD, residents of Ukraine – in UAH. If the bid was submitted in USD, official United Nations Operational Rate of Exchange (treasury.un.org) on the date of payment will be used for currency exchange if contract is issued in USD to local supplier/s.

**Standard UNDP payment terms:** within 30 calendar days after delivery subject to written acceptance of goods duly signed and stamped by UNDP/MoH and provision of original invoice. In case testing is required, satisfactory testing results is a prerequisite for payment release. Progress payments possible in case deliveries spitted into several shipments.

All suppliers will be expected to **deliver the goods** in accordance with their bid and the contractual terms and conditions.

**Liquidated damages conditions** will be included to the contract.

**Performance Security** conditions will be part of the contract (if required).
Conclusion: Success Benefits Everyone

- UNDP procurement has **delivered to expectations** on cost-effectiveness, quality, volumes, transparency and efficiency.

- UNDP’s transparent procurement processes guarantees **fair competition and fair access** to the Ukrainian market.

- Public procurement by UNDP offers Ukrainian manufacturers the opportunity to **raise to international quality standards** for increased competitiveness and bottom line.

- UNDP multi-sectoral collaboration strategy **gives all Ukrainian parties a say** in the development of sustainable procurement solutions for Ukraine.

Practical Tips and Tricks in Bids Preparation

November 2016
Kyiv, Ukraine

YANA DOVGA, PROCUREMENT ASSOCIATE
Practical Tips and Tricks in Bids Preparation

Overall:

- Always respond to an invitation to participate in tenders. If you do not apply, please inform.
- Carefully study the tender document and its terms and conditions.
- Attend pre-bidding meeting organized for potential bidders (if envisaged in the tender document).
- Make sure that your application meets all administrative requirements of the tender document (for example, provision of bid security).
- Read carefully qualification requirements and make sure that your company meets them.
- Make sure that your product is compliant with quality standards.
- Attend public opening of bids (if envisaged in the tender document).
Practical Tips and Tricks in Bids Preparation (cont.)

Preparation to Bid Submission:

• As most of procurement cases for medicinal products are subject to review and approval by UNDP HQ Advisory Committee on Procurement, Members of which are English speakers, please make all your efforts to submit Bid in English in order to speed up the process. Ukrainian and Russian are allowed

• Prepare an application in those forms that are provided in the tender documents, to simplify and speed up the evaluation. It is obligatory to use the templates for submission of bids

• Please send the bid in time. Please take into consideration the fact that emails are delivered within 5-10 mins, therefore avoid last minute submission, which might lead to the late submission

• Please provide copy of Bid Security, if requested
Typical Mistakes in Bids Preparation

- Late Bid submission
- Bid Security is not provided (if required)
- The documents are not presented in the required language (most often – English, Russian, Ukrainian). Documents such as the company registration or financial statements can be submitted in any language, but such documents should be accompanied with translation
- Bid does not meet one of the mandatory evaluation criteria
- Payment terms specified in the are not compliant with requirements
- Terms of delivery specified in the Bid does not meet shipping requirements (DAP Kyiv, Incoterms 2010)
- Lack of information about VAT (if needed) and currency in the Financial Bid
- Bid validity period differs from one requested
Typical Mistakes in Bids Preparation (cont.)

- Bid is CC to the private email addresses of UNDP staff (will not be accepted)

- Incomplete bids submitted:
  - Forms are not completed or/and submitted in the other forms than established templates
  - Forms for technical and financial bids are not signed
  - Bidders which had products approved by Stringent Regulatory Authorities or prequalified by WHO or reviews by Global Fund ERP or registered in Ukraine do not provide evidence documents as it was requested
  - GMP certificate is not provided
  - Information on shelf life and packaging size is missed
  - Valid Certificate of Authorization to act on behalf of the Manufacturer in case the bidder is not a Manufacturer is not provided
  - Commitment letter for non-registered products is missed
  - Reference letters for similar supplies are not provided
