Executive Summary

From 3 to 30 April 2012, the Office of Audit and Investigations (OAI) of the United Nations Development Programme (UNDP), through Deloitte & Touche M.E. / Saba & Co. (the audit firm), conducted an audit of Clearance of UXOs, Rubble Removal and Immediate Support for Improvement of Solid Waste Service Management in the Gaza Strip, (Project No. 63105) (the Project), which is directly implemented and managed by the UNDP Programme of Assistance to the Palestinian People (the Office). The audit firm was under the general supervision by OAI in conformance with the International Standards for the Professional Practice of Internal Auditing.

The Project reported expenditure totalling $3.4 million during the period from 1 January to 31 December 2011. The Project is funded by the Government of Japan.

Audit scope and objectives

The audit firm conducted a financial audit to express an opinion on whether the financial statements present fairly, in all material aspects, the results of the Project’s operations. The audit covered the review of the Project’s Statement of Expenditure (Combined Delivery Report) for the period from 1 January to 31 December 2011.

Audit rating

Based on the audit report and corresponding management letter submitted by the audit firm, OAI assessed the management of the Project as satisfactory, which means “Internal controls, governance and risk management processes were adequately established and functioning well. No issues were identified that would significantly affect the achievement of the objectives of the audited entity.” The details of the audit results are presented in Figure 1.
