

# EMERGENCY SOCIAL PROTECTION ENHANCEMENT AND COVID-19 RESPONSE PROJECT (ESPCRP)

## PROJECT INFORMATION

The Emergency Social Protection Enhancement and COVID-19 Response Project (ESPCRP) supports geographically bundled interventions of nutrition-sensitive cash transfers and temporary employment, while also improving access to sustainable livelihoods, key services, and economic opportunities for areas affected by hunger, malnutrition, and climate related shocks. The project is in line with the World Bank's integrated approach to improve food security resilience for Yemenis.

Funded and supported by the World Bank's IDA, the US\$ 232.9 million ESPCRP is implemented by the Social Fund for Development (SFD), the Public Works Project (PWP), and the Small and Micro Enterprise Promotion Service (SMEPS) in partnership with UNDP Yemen.

## SNAPSHOT

**US\$ 232.9 million**

**Across 22 Governorates**

**Ends in December 2026**
