

Vocational and Business Skills Training and Support Project

Overall Results – June 2022

With King Salman Humanitarian Aid and Relief Center (KSrelief) funding, the Vocational and Business Skills Training and Support project aims to improve youth livelihoods by establishing successful businesses. With a goal to include 40% women, participants receive business and vocational skills training, in-kind grants and business promotion while connecting them to local markets.

The project includes six districts in two governorates. Hadramout governorate: Al-Raidah and Qusaier, Ghail Bawazeer, Sayoun, and Tareem districts. Lahj governorate: Ras Al-Arah and Tuban districts.
