SMALL GRANTS INITIATIVE PHASE 1 SNAPSHOT

August 2021 - June 2023

FUNDED BY

Overview

The primary purpose of the small grants initiative (SGI) is to **fund community development projects** that have a **high development impact** and are aligned to government priorities. A critical component of this initiative is to support organizations to **integrate risks in the design, implementation and budget of their projects. This ensures that climate change and disaster risks are adequately addressed** and projects have **gender and social inclusion considerations at their core.**

Phase 1 was launched in August 2021.
Phase 1 project implementation is ongoing until June 2023.

The SGI is an initiative of UNDP's Governance for Resilient Development in the Pacific (Gov4Res) Project, funded by the Australian Government's Department of Foreign Affairs and Trade (DFAT), the Korea International Cooperation Agency (KOICA), the New Zealand Government's Ministry of Foreign Affairs and Trade (MFAT), the the Swedish International Development Cooperation Agency (Sida), and the United Kingdom's Foreign, Commonwealth & Development Office (FCDO).
