1. In 2019, UNDP refined its accounting policy for recognizing revenue from voluntary contributions (non-exchange transactions) and as a result of the change, the full value of the contribution agreements signed (including multi-year agreements) is recognized as revenue in the year an agreement is signed. The amounts shown include returns to donors and transfers to other funds of unused contributions. Contributions may also include in-kind contributions and cash contributions to government local office costs (GLOC) provided by programme country Governments.
2. Excludes the adjustments by segment and general management support (GMS) expense elimination to remove the effect of internal UNDP cost recovery. These adjustments are shown in the UNDP Financial Statements Note 5, Segment Reporting - Statement of Financial Performance.
3. In accordance with the recommendation made by the Executive Board in decision 2020/10, expenses are reported in the five broad cost classification areas: (a) development, which encompasses subcategories for programme and development effectiveness; (b) United Nations development coordination; (c) management; (d) independent oversight and assurance; and (e) special purpose. In addition, other expenses, which do not fall under any of the five broad cost classifications, is also reported as other activities.
4. Includes expenses for development effectiveness; see table 2 for details.
