				<i>Tara</i>
Viva Vita, Pljevlja	<i>Medicinal Herbs - My Chance</i>	7	11,908	This project connects the potential of Pljevlja Municipality for sustainable exploitation of medicinal herbs with the problem of the vulnerability of women in the local labour market. Participants will acquire knowledge from mentors about medicinal plants and sustainable use for food, cosmetic, decorative, and medical purposes.
Beekeepers Association, Kolasin	<i>Development of beekeeping in the rural areas</i>	8	9,105	In order to increase the potential for honey production in Kolašin, and accordingly stimulate the development of the rural area, the Association of Beekeepers strives to encourage as many young people as possible to engage in beekeeping and reduce migration to other municipalities.
Association for Creative Action of Young People, Mojkovac	<i>Young people as guardians of the cultural heritage of Mojkovac</i>	8	11,110	The goal of this project is to preserve and valorise the customs of rural areas through workshops, documentaries, and educational campaigns and engage young people in the creation of cultural content in Mojkovac.
Magic Fingers, Pljevlja	<i>Creative activism for sustainable communities</i>	8	4,387	The general goal is to raise the awareness of the citizens of Pljevlja about personal responsibility in preserving the environment, and the specific goal is to encourage the active participation of young people. In addition, the emphasis is placed on the combination of art and environmental protection.
Hulk, Pljevlja	<i>Youth in Archery</i>	5	4,477	The backbone of the project is the promotion of archery as a recreational sport, especially among girls and vulnerable categories of the population in Pljevlja. Through theoretical and practical education of young people, the goal is to create permanent changes in life habits.
Natura, Kolašin	<i>Green economy for the local community</i>	8	11,840	The essence of this initiative is to contribute to sustainable development in the north of Montenegro. At least 50 people from the territories of the "Tara" cluster, interested in the production of medicinal plants, will receive education on proper picking and processing through practical workshops and seminars.

Association of Citizens of Polja	<i>Development of the rural area through the improvement of rural tourism</i>	7	11,704	The lack of tourist facilities in the rural area of the municipality of Mojkovac causes a low number of overnight stays by tourists in rural households. Through the adaptation of the thematic hiking trails and the tourist promotion of the area, this project aims to reduce this problem.
The Association of People with Disabilities 'Heart'	<i>I want to work</i>	10	10,095	Unemployment of people with disabilities is a significant challenge in Mojkovac, which is why this project seeks to increase the involvement of people with disabilities in social processes, thereby improving their economic status. This result will be achieved by organizing educational workshops for people with disabilities, which will help them integrate into the labor market.
Light, Mojkovac	<i>Support for children through speech therapy treatments and cultural and artistic content</i>	7	9,385	The project is drafted as a support service for children in Mojkovac, since in that municipality there is no defectological or speech therapy support for children and young people with developmental disabilities, and there is a noticeable shortage of content that encourages children's creativity.
Legalis	<i>For more efficient municipality of Pljevlja</i>	8	9,070	One of the ways to solve the excessive pollution in Pljevlja is the implementation of energy efficiency measures, which would contribute to lower consumption of electricity and therefore less pollution.
