UNDP'S DEVELOPMENT SERVICES

In partnership with UNDP Multi Country Office in Jamaica

PARTNERING TO DELIVER DEVELOPMENT SERVICES

The United Nations Development Programme (UNDP) Multi Country Office headquartered in Kingston extends UNDP's global service offer of international-standard Development Services to Jamaica, Bermuda, Cayman Islands, The Bahamas and Turks and Caicos Islands.

Our package of services is designed to make project implementation faster and more effective, bolster administrative efficiency, and ultimately, strengthen development impacts.

Projects delivered on time and on budget remain a priority of Governments because this has the potential to impact the achievement of national development priorities and economic growth targets.

UNDP can help.

Drawing on technical expertise from our Multi Country Office and global knowledge network, UNDP offers Development Services for projects financed by:

GOVERNMENT

using governments' own funds or loans from International Financial Institutions (IFIs) at either central or parish or community level

BILATERAL AND MULTILATERAL DEVELOPMENT PARTNERS

using donor funds.

Capacity building and performance benchmarks are built into UNDP's services agreements. This means while performing the development support service, UNDP simultaneously builds the capacity of the client to perform the function in the future.
