Local Governance and Decentralization Reform

The United Nations Development Programme (UNDP) supports strategic capacity development initiatives to promote inclusive growth and sustainable human development. Through partnerships with national, regional, and local governments, civil society, and the private sector, UNDP strives to support Ukraine in its efforts to eliminate poverty, develop the population's capacity, achieve equitable results, sustain the environment, and advance democratic governance.

UNDP's interventions within the **Local Governance and Decentralization Reform Component** focus on supporting the resilience, early recovery, and stabilization of war-affected communities, promoting the re-establishment of local services and supporting local governance actors, including in transit and host oblasts of Ukraine.

The activities are being implemented in the framework of the United Nations Recovery and Peacebuilding Programme (UN RPP) and the "EU4Recovery – Empowering Communities in Ukraine" (EU4Recovery) project.

The UN RPP is being implemented by four United Nations agencies: UNDP, the United Nations Entity for Gender Equality and the Empowerment of Women (UN Women), the United Nations Population Fund (UNFPA) and the Food and Agriculture Organization of the United Nations (FAO).

Eleven international partners are supporting the Programme: the European Union (EU), the European Investment Bank (EIB), the U.S. Embassy in Ukraine, and the governments of Canada, Denmark, Germany, Japan, the Netherlands, Poland, Sweden and Switzerland.

The EU4Recovery project is being implemented by UNDP in Ukraine with contributions from UNFPA and UN Women, and with financial support from the EU.
