SUSTAINABLE DEVELOPMENT GOALS

## CONTACTS

@UNDPUkraine

www.undp.org/ukraine

The UN RPP is being implemented by four United Nations agencies: the United Nations Development Programme (UNDP), the United Nations Entity for Gender Equality and the Empowerment of Women (UN Women), the United Nations Population Fund (UNFPA) and the Food and Agriculture Organization of the United Nations (FAO).

Eleven international partners are supporting the Programme: the European Union (EU), the European Investment Bank (EIB), the U.S. Embassy in Ukraine, and the governments of Canada, Denmark, Germany, Japan, the Netherlands, Poland, Sweden and Switzerland.

## The United Nations Recovery and Peacebuilding Programme

# Economic Recovery and Restoration of Critical Infrastructure

**The United Nations Development Programme (UNDP)** supports strategic capacity development initiatives to promote inclusive growth and sustainable human development. Through partnerships with national, regional, and local governments, civil society, and the private sector, UNDP strives to support Ukraine in its efforts to eliminate poverty, develop the population's capacity, achieve equitable results, sustain the environment, and advance democratic governance.

**The United Nations Recovery and Peacebuilding Programme (UN RPP)**, an integral part of UNDP in Ukraine, supports the economic recovery of war-torn communities, further accelerates decentralization and health-care reforms in these regions, and strengthens community security and social cohesion in target communities.

UN RPP's interventions within the **Economic Recovery and Restoration of Critical Infrastructure Component** focus on fostering economic revitalization and promoting sustainable development in the war-torn areas of Ukraine and, specifically, stimulating employment and economic growth by assisting micro, small and medium enterprises (MSMEs).
