UNDP Recovery Framework for Ukraine

Funding

● Pillar 1: From Crisis Response to Early Recovery	\$17.5 million
● Pillar 2: Maintaining Public Services & Driving Reform Processes	\$32 million
● Pillar 3: Reconstruction for Recovery & Return	\$260 million
● Pillar 4: Inclusive Economic Growth	\$6.2 million
● Pillar 5: Social Cohesion & Social Inclusion	\$46.8 million

Results

FROM CRISIS RESPONSE TO EARLY RECOVERY

- At least **23 ministries and central government agencies** supported to improve policy analysis, crisis management and legislation for times of crisis.
- **Assessments have been conducted in 218** settlements to determine the extent of damage. Comprehensive mapping and digitization process has been conducted for **700,000** buildings.
- **26,400** people have accessed critical legal and psychological support.
- **250,000** people have received humanitarian assistance, shelter and access to public services, as well as emergency response and support
- A comprehensive **human impact assessment** was conducted, covering five areas and multiple primary and secondary data sources.

MAINTAINING PUBLIC SERVICES AND DRIVING REFORM PROCESSES

- **9 million+** people have used **32** UNDP-supported **e-services** available on the Diia portal, Diia mobile app, and other government platforms, including social e-services, IDP e-services, pension services, and e-services for veterans.
- **15** specially-equipped and reinforced ambulances have been provided to regional centres of emergency medical care and disaster medicine, resulting in improved quality healthcare services and benefiting more than **30,500** people.
- **16** mobile social services and damage assessment vehicles have been provided.

RECONSTRUCTION FOR RECOVERY AND RETURN

- **An energy infrastructure damage assessment** has been implemented, revealing an urgent need for \$10 billion in repairs to address the energy crisis.
- **Recommendations for a green energy transition**, including decentralized renewable energy sources to enhance the energy system's flexibility, resilience, and eco-friendliness.
- **2,500+** emergency generators and mobile energy items delivered for winterization and temporal electricity supplies to local authorities and the conflict-affected population.
- **Debris has been cleared from 439 sites**, resulting in removal of nearly **80,000m³** in total volume.
- **Thanks to equipment and supplies provided by UNDP, 8,500,000** residents in **37** settlements are now better served by units of State Emergency Service and National Police.
- **350,000** items of mine and unexploded ordinance have been cleared, ensuring a secure environment for almost **3.8** million people.
- **7,020** buildings have been integrated into energy information systems to improve efficiency.

INCLUSIVE ECONOMIC GROWTH

- **17,562** agricultural producers have been supported with agricultural inputs and equipment.
- **Through UNDP support, over 19,000 people have** secured income opportunities and improved livelihoods.
- **30** business membership organizations across **12** have secured income opportunities and improved their livelihoods.
- **Over 8,371 business representatives have been supported** to ensure business continuity (including consultations, grants, training, support with relocation and other services).

SOCIAL COHESION AND SOCIAL INCLUSION

- **900+** people received capacity-building support on social services, disability issues and support to veterans and their families.
- **17** rehabilitation centres supported with a new pilot model for social work.
- **62** Community Security and Social Cohesion Working Groups actively engage in local early recovery efforts.
- **30** youth dialogues facilitated, engaging a total of **486** young women and men, who shared their insights and suggestions for strengthening youth involvement in the recovery process.
- **24+** youth-led initiatives implemented, such as establishing innovative spaces in shelters for IDPs, delivering civic engagement training to rural youth, and assisting IDP integration efforts.
