

# TRAINING, EXERCISES AND DRILLS (TED) PROGRAM URBAN RESILIENCE PROJECT (DDM-PART)

## GOALS AND OBJECTIVES

Develop, update, and training conduction on disaster and emergency management training for national agencies involved in Disaster Risk Management (DRM) and strengthen capacity.

Design and conduct exercises and drills for national agencies involved in DRM and aim at operationalizing and testing the Emergency Operation Plan (EOP) and create a pool of experts.

Facilitate eligibility of internationally recognized certification and accreditation such as International Association of Emergency Managers (IAEM), International Search and Rescue Advisory Group (INSARAG) etc.

Support to prepare Emergency Operations Plan (EOP) and SOP for Emergency Operations Center (EOC) for stakeholder, linking SOD, NPDM and existing disaster management policies, plans and guidelines.
