

WE ARE FORGING THE NEW AFRICAN VENTURE CAPITAL

Despite recent rapid growth in venture founding, there remains a huge gap in Africa's early-stage risk capital, particularly domestic resources.

It is time to change that

timbuktoo combines catalytic and commercial capital in order to de-risk and crowd-in early stage risk capital at scale. timbuktoo is not just about funding, but about getting the ecosystem right, aligning startup building with venture financing.

\$350M

Catalytic capital

\$650M

De-risk Commercial capital

The timbuktoo Hubs

These are PanAfrican thematic industry hubs of excellence, taking ideas to market, preparing ventures for growth by modelling their business, technology and impact needs.

Unipods

The University Innovation Pods (UniPods) are cutting-edge research and innovation centers empowering youth to transfer ideas to groundbreaking solutions.

timbuktoo Policy Lab

The timbuktoo Policy Lab serves as the driving force behind policy innovation within the ecosystem.

Foundation

The timbuktoo Africa Innovation Foundation manages the initiative with the goal of enhancing Africa's end to end innovation ecosystem.

We believe in Africa's startup talent

We believe that **talent is everywhere** but **opportunity is not**. We believe that African talent is the **world's greatest untapped potential**. We believe that innovative startups **solve giant problems** for humanity and planet.

timbuktoo is positioned as the **largest initiative** in the world, bringing public and private capital together to **support Africa's innovation ecosystem**, for tech and tech-enabled youth startups aiming to **change the world**.

timbuktoo is **investing in innovations** that will **transform** Made in Africa products under the African Continental Free Trade Area (AfCFTA).
