

OUR TEAM

ELIZABETH CHARLES-SOOMER

Elizabeth Charles-Soomer is an urban planner and GIS specialist with more than 30 years of experience across Saint Lucia, the Caribbean and the United Kingdom. Her experience spans urban planning, GIS, environmental and watershed assessment, climate change, community planning and disaster recovery. Her work includes leadership in reconstruction, capacity building and post-disaster assessment across the region.

She holds a BA (Hons) in Geography with Geology from UWI Mona, an MSc in Urban Planning from University College London (UCL), an MA in GIS from the University of Leeds, and an MBA from the University of Leicester, UK.
