Important Note on Accessing the Grant Application System after Maintenance

The grant application system is currently accessible and there is no ongoing maintenance.

Please note that a **scheduled system maintenance is expected on , 27 August, between approximately 10:30 and 12:00 (Ankara time)**. During this period, access to the system may be temporarily unavailable.

Following the maintenance , if the application page is left open in a browser tab, it may continue to display the maintenance screen even after the system has become available again.

In such cases, applicants are advised to:

- close any previously opened application tabs;
- clear their browser cache and browsing history; and
- access the system again directly through the following login page:
<https://undptur-cp.enquire.cloud/login>

Applicants may also try accessing the system through a different browser if the issue persists.
