This photo brochure features beneficiaries of the Income Generation component of the Project “Economic and Social Empowerment of Roma and Egyptians - a booster for social inclusion” (ESERE Project), financed by EU and implemented by UNDP, in partnership the Ministry of Health and Social Protection.

The Income Generation Component run through November 2016 - May 2019. The project supported over 55 Roma and Egyptian entrepreneurs to establish their business or strengthen existing ones. This included provision of assets and equipment besides business management training, counselling, and monitoring. The beneficiaries come from Tirana, Durrës, Shkodra and Berat- the project areas.

We hope this photo brochure will inspire future entrepreneurs coming from vulnerable groups to pursue their dreams.

This publication was developed in the context of Project “Economic and Social Empowerment for Roma and Egyptians - a booster for social inclusion”. The project aims to promote the economic and social empowerment of the marginalised Roma and Egyptian communities and supports the Government of Albania in its efforts to achieve the objectives set forth in the National Action Plan for the Integration of Roma and Egyptians, 2016-2020, while promoting respect for human rights, gender mainstreaming and intercultural dialogue, as prerequisites for the country’s EU integration.
