MAKING THE LAW WORK FOR PEOPLE LIVING WITH HIV

LIVE SESSION + Q&A

FRIDAY 10 JULY 2020 | 9:00 - 10:30 EST

While the law can be a powerful tool to improve the lives of people living with HIV, bad laws – like those criminalising HIV non-disclosure, exposure and transmission – can lead to stigma, discrimination and violence, hindering global HIV response efforts.

In this session, speakers will discuss how to ensure that the law is a tool for advancing effective HIV responses, rather than a weapon against people living with HIV.

Co-Chairs:

- Mandeep Dhaliwal, Director, HIV, Health and Development Group, UNDP
- Chesa Boudin, District Attorney, City and County of San Francisco, USA

Panellists:

- Lisa Power, Chair of Supervisory Board, HIV Justice Network, The Netherlands
- Allan Maleche, Director, KELIN Kenya
- Zion Ntoba, Judge, High Court of the Republic of Malawi
- John Jeffery, Deputy Minister of Justice and Constitutional Development, South Africa

Closing remarks:

- Kene Esom, Policy Specialist, HIV, Health and Development Group, UNDP
