

COVID-19: Show love, #StayHome

— HOW DOES IT SPREAD? —

COVID-19 spreads quickly.
If too many people get sick at the same time, hospitals struggle to cope.

There may not be enough medical resources to treat everyone in need.

COVID-19: Show love, #StayHome

— WHO IS AT RISK? —

The virus is a risk to those around us, especially **older people** and **people who already have health problems.**

That's why it's important to call often people who might be alone at home and need your support.
