Handover of two firefighting trucks

During 2021 Q2, SFL completed two projects in Ajdabiya. UNDP Stabilization Facility for Libya provided two new firefighting trucks to the municipality of Ajdabiya, replacing four old vehicles which required regular maintenance and were insufficient to cover the needs of the city. The vehicles will also allow the local authorities to cover neighboring municipalities in the Al Wahat area, where similar equipment is lacking, serving more than 300,000 residents.

This project is funded by

LIST OF PROJECTS AND STATUS AS OF 30 JUNE 2021

1. Supply of one Garbage truck (8 cu.m)	Completed
2. Supply of two Firefighting trucks	Completed

BANI WALID

Stabilization Facility for Libya

POPULATION
77,000

BOARD APPROVED ALLOCATION
US\$ 3 M

STABILIZATION GOAL

Urgent public infrastructures rehabilitated, and equipment supplied to build bridges between communities and promote peace with an idea of "One Libya".

COMMUNITY PRIORITIES

Water, health, sewage, sanitation, and education

Output 1

Total projects	29
Completed	24
Underway	2

A nurse is checking on a newborn baby at Benghazi Children’s Hospital

As of 30 June 2021, under SFL Output 1, there was a total of 40 projects in Benghazi, including 38 completed, one underway, and one in development. A nurse is checking on a newborn baby at Benghazi Children’s Hospital.

In response to poor condition of the public Children’s Hospital and its inability to operate efficiently, UNDP Stabilization Facility for Libya renovated the Patients Ward with a capacity of 300 beds, the Intensive Care Unit, and the Newborn Ward with a capacity of 50 incubators. The support has allowed the medical institution to deliver quality healthcare services to young patients covering a large geographical area from Sirte (West) to Imsaed (East). The rehabilitated Patients Ward was handed over on 8 April 2021.

This project is funded by

LIST OF PROJECTS AND STATUS AS OF 30 JUNE 2021

1. Supply of five Garbage Collection Trucks and Bins for Benghazi	Completed
2. Supply of 30 garbage bins	Completed
3. Supply of two ICU Ambulances to Benghazi Medical Centre	Completed
4. Supply of one ICU ambulance to Benghazi Kidney centre	Completed
5. Supply of two ICU ambulances to Al-Jalaa Trauma Hospital	Completed
6. Supply of one ICU ambulance to Benghazi Psychiatric Hospital	Completed
7. Supply of two ICU ambulances for Benghazi Civil Protection Department	Completed

DERNA

Stabilization Facility for Libya

POPULATION
196,000

BOARD APPROVED ALLOCATION
US\$ 2 M

STABILIZATION GOAL

Derna becomes a beacon for science, culture and sport within a framework of coexistence of all its various cultural components with all views being met with acceptance.

COMMUNITY PRIORITIES

Solid waste, water and sanitation, health, education, water, roads and bridges, historical center, youth and sports, and local governance.

Output 1

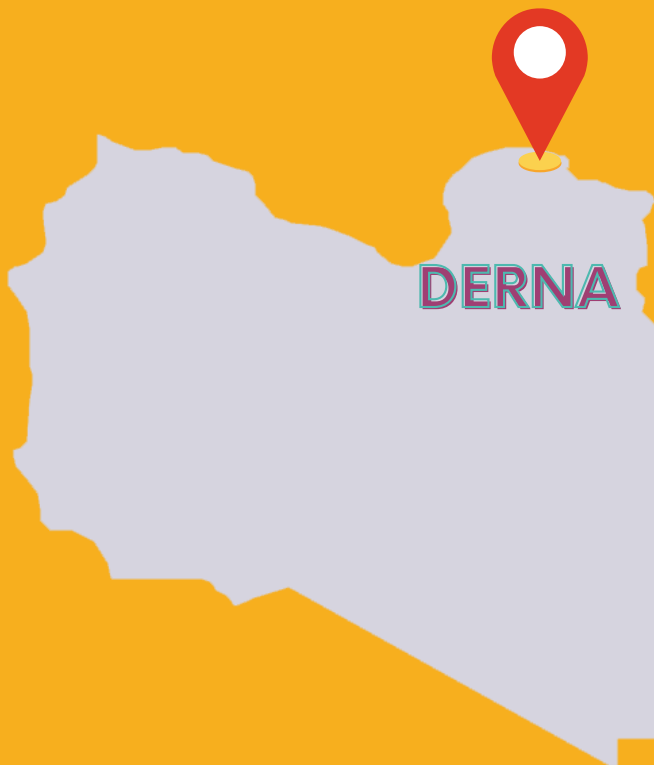

Total projects	8
Completed	5
Underway	1
In development	2

Handover of two firefighting trucks

As of 30 June 2021, under SFL Output 1, there was a total of 8 projects in Derna, including five completed, one underway, and two in development.

As a result of dilapidated power lines and a high rate of fire incidents in the municipality of Derna, the local authorities faced challenges with combating the situation due to insufficient resources. The municipality had only one firefighting truck which also required constant maintenance. Following the supply of two new firefighting trucks by UNDP's Stabilization Facility for Libya, the municipal firefighting service is now able to operate more efficiently and protect the lives of over 250,000 local residents.

This project is funded by

LIST OF PROJECTS AND STATUS AS OF 30 JUNE 2021

1. Supply of three ambulances (two ICU, one Regular) for Derna	completed
2. Supply of three pesticide sprayer vehicles	completed
3. Supply of three garbage trucks (8 cu.m)	completed
4. Supply of two firefighting trucks	completed
5. Supply of general Incinerator to Derna	completed
6. Rehabilitation of Omar Al-Mukhtar School	Underway
7. Supply of 10 water pumps	In development
8. Rehabilitation of the Derna Cultural Centre	In development

GHAT

Stabilization Facility for Libya

POPULATION
26,000

BOARD APPROVED ALLOCATION
US\$ 2.5 M

STABILIZATION GOAL

Disaster relief: the SFL began its engagement with Ghat in June 2019 with the urgent need to provide disaster relief after a devastating flood caused destruction and displacement.

COMMUNITY PRIORITIES

Immediate disaster relief beginning with solving water contamination to mitigate health risks and prevent further displacement.

Output 1

Total projects	15
Completed	12
In development	3

Handover of PPE equipment

As of 30 June 2021, under SFL Output 1, there was a total of 15 projects in Ghat, including 12 completed, and three in development. Hit by severe flooding in June 2019, the municipality of Ghat was not prepared nor well equipped to combat the situation. The water and sewage systems were affected and required frequent interventions. With support from UNDP Stabilization Facility for Libya, the local Water and Wastewater Company received the necessary equipment such as water suction pumps, generators, and sewage pumps, among others, as well as personal protective equipment (PPE) such as masks, gloves, workwear and safety harness as part of COVID-19 response.

This project is funded by

LIST OF PROJECTS AND STATUS AS OF 30 JUNE 2021

1. Supply of 4000m HV Power	Completed
2. Supply of four Loader/Backhoe	Completed
3. Supply of four Pesticide sprayers and four vehicles	Completed
4. Supply of (21) 60 KVA Diesel Generators	Completed
5. Supply of four Diesel Welding Generators/Welding Machines	Completed
6. Supply of eight Submersible Sewage Pumps	Completed
7. Supply of four 35 HP Surface water pumps	Completed
8. Supply of four Sewage Suction Trucks	Completed
9. Supply of four Potable Water Tankers with Truck	Completed
10. Supply of (17) Submersible Pumps for wells (20, 25, 30, 35, 40 & 50 HP)	Completed
11. Supply of four Folding Hydraulic Crane	Completed
12. Supply of Personal Protection Equipment (breathing apparatus, workwear, gloves, masks & safety harness) for Fire Fighting and Rescue Units	Completed
13. Supply of Portable Water Suction Pumps	In development
14. Supply of P.E. Pipes Jointing Machine	In development
15. Supply of Pipes and Fittings	In development

KIKLA

Stabilization Facility for Libya

POPULATION
18,000

BOARD APPROVED ALLOCATION

Handover of Tadamon Clinic

As of 30 June 2021, under SFL Output 1, there were a total of 30 projects in Sebha, including 23 completed, three underway, and four in development.

Residents of Al Tadamon district, 17 km south of Sebha, did not have direct access to primary healthcare services due to an absence of a medical facility nearby. They had to travel a long distance to reach the nearest clinic in the city of Sebha. Today, through renovation of a building to serve as the new health clinic by UNDP’s Stabilization Facility For Libya, over 1,000 residents, including migrants, now have direct access to health services. The handover of the medical facility took place in May 2021.

This project is funded by

Handover of Talae Al Naser School

As of 30 June 2021, under SFL Output 1, there were a total of 43 projects in Sirt, including 25 completed, one ongoing, and 17 in development. Handover of Talea Al Nasr School in Sirte, April 2021.

Conflicts that affected Sirte in 2011 and again in 2016 damaged important infrastructure in the municipality and forced many families to seek refuge in other areas. The Talae Al Naser School was also affected, making it impossible for staff to provide quality education. After its rehabilitation by UNDPs’ Stabilization Facility for Libya, the school now accommodates up to 950 students who are able to study in adequate conditions. It is also likely to encourage the return of displaced families who used to live in the area. The handover of the school took place on 15 April 2021.

This project is funded by

COMMUNITY PRIORITIES

Health, education, waste management, water and sanitation, roads and municipal services.

Output 1

Total projects	157
Completed	150
Underway	6
In development	1

Handover of the sewage treatment plant

As of 30 June 2021, under SFL Output 1, there were a total of 157 projects in Tripoli, including 150 completed, six ongoing, and one in development.

In response to numerous challenges associated with wastewater mismanagement by the National Heart Center in Tajoura, Tripoli, and dysfunctional wastewater treatment plant in the city, which caused pollution, and generated diseases and unpleasant odor making residents living nearby feel uncomfortable, UNDP Stabilization Facility for Libya supported the installation of a new portable treatment plant with a capacity of 400 m³/day.

The support has allowed the medical institution to become cleaner and to continue to provide quality healthcare services to over 15,000 people annually. At the same time, more than 1,400 residents living nearby no longer suffer from negative effects generated by untreated wastewater, and the processing capacity allows to treat sewage in the neighborhood, generate reusable water for irrigation, and sustain green spaces.

This project is funded by
