UNDP's operations in Montenegro focus on the country's key priorities linked to EU accession, bringing in best international practices and facilitating the engagement of civil society. UNDP promotes evidence based policy making, provides advocacy support, technical assistance, access to knowledge, innovation and expertise, as well as coordination support to the Government. Our comparative advantages in accelerating Montenegro's sustainable human development stem from our impartiality and global presence, as well as from our successful track record in helping the country attract and use development assistance effectively. UNDP operating within the framework of UN Delivering as One strives to further contribute to UN coherence in the country according to the Joint UN Integrated Framework for the period 2012-2016.

Key results

Since 2003, the **Capacity Development Programme (CDP)** has contributed to achieving of each milestone in the European Integration process: preparation of the Stabilization and Association Agreement and its implementation; preparation for the EU accession through strengthening the capacities of state administration and specifically EU accession negotiation structures, as well as through developing of key strategic documents, including the National Programme for Integration (NPI), Economic and Fiscal Programme (EFP), Pre-Accession Economic Programme (PEP), the Public Administration Reform Strategy, etc.

The **Rule of Law and Human Rights Programme** contributed to drafting and adoption of the Law on legal aid in 2011 and to opening of 15 legal aid offices in all basic courts in the country. Simultaneously, alternative dispute resolution tools were promoted through the support to drafting changes and amendments to the Law on mediation. The Programme initiated and implemented the Anti-corruption training programme for judges and prosecutors with the national Judicial Training Center, and supported the drafting of the new Criminal Procedure Code. It also provided support to the Ministry of Justice in structural setup, strengthening of staff management skills, raising understanding of the EU integration processes, as well as in concluding mutual legal assistance agreements with countries in the region.

Since 2007, the **MONDEM Programme** has removed 128 tons of toxic fuel and 26 tons of napalm thickener from the Boka Bay, and it cut and melted 61 surplus T-55 tanks of the Montenegrin

Armed Forces. A total of 1,200 pieces of heavy weapons have been cut, and 1,130 tons of ammunition have been destroyed. The storage depot in Taraš, Montenegro was reconstructed in 2011, while works on the second storage unit in Brezovik are underway.

Since 2010, the **Local Governance Programme** has supported the Ministry of the Interior in drafting the Strategy for Inter-municipal Cooperation (2011-2015) and in developing a publication on inter-municipal cooperation, a Manual for issuing municipal bonds in Montenegro as well as a comprehensive functional review of the Human Resource function and management capacities in Montenegrin municipal administrations. Several legislative initiatives came out as a result of a well-balanced combination of trainings, on-the-job mentoring, exchanging of experience through peer to peer support and study tours for the municipal finance officers. The Local Governance Programme also provided technical support to the working groups in charge of drafting Strategic Development Plans for municipalities of Kolašin and Žabljak.
