# MONGOLIAN SUSTAINABLE CASHMERE PLATFORM

## **MISSION STATEMENT:**

Mongolian Sustainable Cashmere Platform is a national-level umbrella mechanism with collaborative leadership.

The Mongolian Sustainable Cashmere Platform (MSCP) will work with a range of stakeholders to produce and implement a Collective Action Plan for sustainable cashmere.

The MSCP adopts a comprehensive systematic strategy to tackle key challenges currently facing the sector.

## MONGOLIAN SUSTAINABLE CASHMERE PLATFORMSCP'S OBJECTIVES

-  To formulate and implement a collective action plan that addresses the root causes limiting the sustainability of cashmere in Mongolia;
-  To work alongside government to ensure a strong and coherent legal and institutional framework for the sustainability of cashmere production in Mongolia;
-  To establish partnerships and coordinated investments and actions that accelerate current efforts to advance the sustainability of cashmere production and processing in Mongolia;
-  To position Mongolia as a global leader for sustainable cashmere production. The Platform's objectives are to ensure a strong and coherent legal and institutional framework for the sustainability of cashmere production in Mongolia and establish partnerships and coordinated investments and actions that accelerate current efforts to advance the sustainability of production and processing in Mongolia, which will enable it to be a global leader for sustainable cashmere production.
