The REACH Project aims to promote peace building, social cohesion and inclusiveness.

The Project conducts awareness raising of the social, economic and legal rights enshrined in the Constitution of the Republic of Fiji, provides access to the services associated with these rights, and also strengthens institutional capacity to deliver these services. A mobile service delivery approach is undertaken to reach communities throughout all of Fiji with the focus to reach the furthest behind first.

- Increased awareness in urban, rural and maritime communities, of constitutional rights in the areas of social and economic wellbeing and justice, focusing on legal aid, through the provision of mobile teams.
- Enhanced delivery of the services provided by the Ministry of Women, Children and Poverty Alleviation, and the Legal Aid Commission through the provision of mobile teams visiting urban, rural and maritime communities.
- Strengthened capacity of the Ministry of Women, Children and Poverty Alleviation, and the Legal Aid Commission through support to strategic planning, monitoring of results and support of coordination for effective and coordinated service delivery to urban, rural and maritime communities.
- Policy making informed and based on evidence through research and analysis on the relevant areas related to the empowerment of women and girls, promotion of peaceful and inclusive societies for sustainable development, provision of access to justice for all, and building effective, accountable and inclusive institutions.
