MDG Status
Khyber Pakhtunkhwa

contributes about 10.5% to GDP in the country

22 million in 2010

third largest provincial economy in Pakistan

UNDP *Pakistan*

This is the 1st Khyber Pakhtunkhwa (KP) MDG report tracking the progress of KP against the 8 Millennium Development Goals (MDGs). This report takes stock from a range of development data available from various sources, particularly PSLM data for 2007-08 and the provincially collated Multiplied Indicator Cluster Survey (MICS) data. The report also provides status of MDGs achieved across all districts of KP & highlights regional disparities.
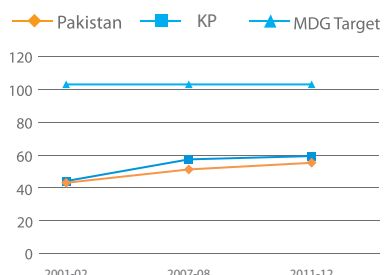

Status of MDGs in KP

At the current rate of progress the province of

KP is unlikely to achieve MDGs

in their entirety by 2015 since progress shows wide discrepancies along rural and urban divides. **Out of 25 MDG indicators** KP has performed better than the national average **in 8 indicators.**

MDG 1:
Eradicate Extreme Poverty and Hunger
Indicator: Headcount Poverty Index (percent)

Pakistan ◆ KP ■ MDG Target ▲

MDG 2:
Achieve Universal Primary Education
Indicator: Net Primary Enrolment Ratio (%)

Pakistan ◆ KP ■ MDG Target ▲
