

## Supporting Rule of Law for Peaceful and Inclusive Societies in Pakistan (Amn-o-Insaf)

Supporting Rule of Law for Peaceful and Inclusive Societies in Pakistan (Amn-o-Insaf) supports both supply and demand sides of the rule of law by strengthening justice institutions and citizen rights, and by deepening the ongoing efforts to secure peace and stability in the province of Khyber Pakhtunkhwa. The AOI has recently expanded its geographical outreach to other parts of Pakistan, i.e. Merged Areas (MAs) (formerly Federally Administered Tribal Areas), Gilgit-Baltistan and Balochistan.

The programme also works with the informal justice system, which keeping in view the expensive and time-consuming formal justice system, is a key source of resolving minor disputes at the community level.

Building on the trust and confidence of the donors, national counterparts, and communities, AOI is on road to emerge as a national level programme.
