3 NATIONAL
ACTION PLANS
have already been
implemented in Ukraine

SINCE DECEMBER 2018, A NEW NATIONAL ACTION PLAN IS BEING IMPLEMENTED, which foresees the following:

Setting up the portal of infrastructure data

Ensuring openness of the electronic trading system of arrested property

Ensuring transparent public assets and property sales

Improving efficiency of state monitoring in public procurement

Developing the Transparent Budget system and creating the Register of Economic and Social Development Projects of Ukraine, supported by international financial organizations

Creating the interactive map of territories, contaminated with mines and explosive objects

Introducing the electronic procedure for conducting contests of CSO projects, aiming to provide financial support

Introducing priority electronic services

Creating the online platform for cooperation between state executive bodies and civil society institutes

Organizing state registers/natural resource databases

Creating the training course and system to assess anti-corruption knowledge

Verifying information on final beneficiaries

Introducing modern information and communication technologies in the educational process

Introducing online verification of education certificates and diploma

Ensuring free access for citizens to environmental information

Transitioning to the electronic implementation of the Extractive Industries Transparency Initiative (EITI)

Ensuring free access for users to the National Repository of Academic Texts
