UN Youth Innovators' Hangout 2014

Innovation is emerging as a leading factor in driving productivity and economic growth globally. Across the world, leaders have been called upon to support innovation and technology as methods to advance broader development, drive positive change and bring citizens closer to their Governments. It is against this background that the UN in Uganda is organizing the Youth Innovators' Hangout 2014 to provide an opportunity for show casing breakthrough initiatives on youth engagement and employment in Uganda. We are looking for individuals or organizations that have successfully implemented, or are designing innovative solutions to improve youth engagement and employment. To reserve your innovation space please complete and submit a brief on your innovation ideas indicating the problem being/or to be solved, strategy and results attained or expected results and lessons learned. Please submit your registration form to email address: youth.innovate@one.un.org

1. Title for the innovation (Short)

2. Description of innovation(s).

Please describe your innovation. The problem you set out to address, Your idea/concept/solution, the research/technology behind it, how it is used in society and/or the economy, why it is better than existing innovations or approaches. Also give details of any partnerships you had in developing the innovation.
