

Vocational and Business Skills Training and Support Project

March 2022

With funding by King Salman Humanitarian Aid and Relief Center (KSrelief), the Vocational and Business Skills Training and Support Project targets young women and men to improve their livelihood and establish their own businesses while aiming to include 40% women. It provides participants with business and vocational skills trainings, in-kind grants, business promotion, and connection to local markets.

The project includes six districts in two governorates: The districts of Al-Raidah and Qusaier; Ghail Bawazeer; Sayoun; and Trim in the Hadramout governorate, as well as Ras Al-Arah and Tuban in the Lahj governorate.
