

WASH Emergency Response Project

The United Nations Development Programme's (UNDP) partnership with the Kingdom of Saudi Arabia (KSA) and the United Arab Emirates (UAE) has helped fight the epidemic spread of cholera striking Yemen.

Through the USD \$3 million Water, Sanitation and Hygiene (WASH) Emergency Response Project, safe and clean water sources and appropriate sanitation and hygiene services have been provided. The project helped vulnerable households in areas cholera-affected by building cisterns and toilets.

1,678 HOUSEHOLD cisterns constructed,
providing **36,185** cubic meters of **POTABLE WATER** sources
for **13,130 PEOPLE**

1,251 HOUSEHOLD TOILETS built, benefiting
8,888 PEOPLE with access to safe sanitation

7,331 PEOPLE with no
income provided with **WORK**
AND WAGES to cover their
basic needs

191,888
work days
created
